

On behalf of our client, Saint John Airport, we are recruiting for a Director of Finance. This position will be a key member of the leadership team while reporting to the CEO. The Saint John Airport has been a community partner for Southwestern New Brunswick since 1952. Being a true part of the community through supporting events, giving back, profiling the region, and being an advocate for innovation and advancement.

The Director of Finance has overall responsibility and leadership over all financial aspects of the airport. This is an opportunity to build new processes, policies, and truly create something with your own mark. Some specific responsibilities include:

- Monthly and annual financial performance
- Preparation of the annual budget process
- Management and reporting of key performance indicators with an eye to continuous improvement
- Leadership of the Finance team
- Play a key role with regards to Board Governance
- Preparation and analyzing project costing and feasibility
- Regulatory requirements as it relates to financial management

As the ideal candidate, you have a Chartered Professional Accountant (CPA) designation, along with a minimum five years in a senior financial role. You will display a proven ability to play a key role in the discussion, decision making and implementation of key strategic and operational issues. Experience in an HR and/or a union environment role would be ideal and useful attributes but are not mandatory requirements. You are known as a results oriented person who brings excitement and energy to work each day. You enjoy being part of a high performing team and you will show experience in your ability to be innovative in your thinking.

This is a great opportunity to be part of a community partnership working with great people. Interested candidates can contact Shardeigh McGillivray via shardeigh@venor.ca. In addition, you can review the annual report <http://www.saintjohnairport.com/assets/Uploads/YSJ-AR-ENGLISH.pdf>.
